

Bad girl in town

Parking her car on a red traffic light
don't know why she's doing this
but she's feeling alright
she likes to see people crying tears of rage
especially when they're in their midlife ages
and she likes...

Being a bad girl here in town
and she likes to cruise around
in her old-fashioned car
and one day, she's gonna be a star

She likes to party all night long every day in June
it doesn't matter if the band is playing out of tune
she shakes it here, she shakes it there, she dances the night away
she stays up all night long until the break of day
and she likes...

Being a bad girl here in town
and she likes to cruise around
in her old-fashioned car
and one day, she's gonna be a star
