

Indian Woman

Riding on a Trailway Bus
on Highway 81
I'm going to Virginia
soon my ride will be done

Pick me up in Tennessee
at gate number four
twenty hours on that damned bus
I don't wanna travel around here nomore

Indian Woman
why don't you come along with me
Indian Woman
why don't you come along with me

First time I ever saw her on the side of the road
it blew my mind
never ever had that kind of feeling inside
where can I find you

Sittin' here in San Diego
Southern California
next to the borderline
I can see the lights of Tijuana

I'm going to San Francisco
don't know the reason why
nor I know for how long I gonna stay there
but I'm shure I gonna spend my last dime

Indian Woman...
