

Love at first sight

Love at first sight doesn't matter that much
I'm waiting for you, I'm waiting for you
I remember the things, they've torn us apart
I'm waiting for you, I'm waiting for you

Why did we split up at all
maybe it just needs a call
we'll be together again
we'll be together again

Time passes by, fast and slow
I'm waiting for you, I'm waiting for you
that Spanish location, down in that valley below
I once was waiting for you, I was waiting for you

Why can't it be like it was
I keep on going just because
I hope we'll be together again
we'll be together again

I need an answer, I hope it comes soon
I'm waiting for you, I'm waiting for you
my heart feels like the total eclipse of the moon
I'm waiting for you, I'm waiting for you

Why must things always change
I hope that we can rearrange (it all)
we'll be together again
we'll be together again
