

## **Ballymena Night**

I found my love on a Ballymena night  
I found my love on a Ballymena night

Almost got no plane to you  
The flight was cancelled, all I knew  
I had to get to you somehow

I took the train to Amsterdam  
Was feeling kind of weary then  
'cause I didn't know if I'd belong to you

I found my love on a Ballymena night  
I found my love on a Ballymena night

It was obviously clear to see  
That you belonged to me  
A dream came true in Ballymena town

We spent the night by the fireplace  
I looked into your lovely face  
We just had a sweet love affair

I found my love on a Ballymena night
