

Ease my pain

Passing by each morning
someone else is now living here
my room has been changed now
a smell of sweat and beer
pervades the night

I don't know you
never did any harm to you
you came into my life
to overtake my family

You never took responsibility for anybody
so why, why did you do that to me

Over the years now
life might be changing
but how am I supposed
to ease my pain

Where are the nights my son
when I told you stories
fairytale of knights and kings

Now I am the lonesome rider
waiting to see you once in a while

Over the years now
life might be changing
but how am I supposed
to ease my pain
