

## **Make it all undone**

Getting on the air coach  
Heading north  
In a couple of hours  
I will be so close to you

If I ever had the chance  
To make it all undone  
I let you know

Things move quickly  
Days are gone by fast  
But you're the one  
Who means so much to me at last

If I ever...

I know that there are things  
I've just done wrong  
But I'm so grateful that  
You got along (with me)

If I ever...
